

# CHC50113 Diploma of Early Childhood Education and Care

Communities@Work Centre of Professional Learning and Education clusters units of competency into modules. Each module contains integrated units of competency. Learning and assessment reflects requirements in real life educator roles, which enhances the quality of the participant's learning.

The program will be delivered through tasks that link with sector requirements and the National Quality Framework for Early Childhood Education and Care in Australia.

A range of teaching and learning strategies will be used to deliver the competencies. These include practical tasks and projects, and hands on experience in the work environment.

Module	Related units of competency	Delivery Mode

## Assessment

The expected completion time through part time study is 12 months.

During the Diploma you are required to complete a minimum of 240 hours of work placement in a licensed and registered early childhood service with a minimum of 120 hours to be completed with infants under 2 years of age.

Assessments may be conducted during face to face sessions, through practical work application and your reflective journal.

Support will be provided at the face to face sessions, workplace visits as well as via phone and email.

For each module participants will be provided with comprehensive learner and assessment guides, as well as reference material.
